**Course Description:**

This course is designed to provide the law enforcement officer with a thorough training background in the operation of the DataMaster DMT. The course is divided into two phases: a classroom lecture phase and hands-on training for the operation of the DataMaster. The classroom lecture covers the current laws in South Carolina regarding DUI, Felony DUI, Implied Consent, Videotaping, and other related alcohol offenses. The history of breath testing in South Carolina and across the nation is discussed. The operation of the DataMaster DMT is reviewed and the students are taken, step by step, through the DataMaster DMT operational steps. The hands-on phase of the course consists of students operating the DataMaster DMT in the lab and includes various testing modes, how to handle refusals, the cause and meaning of incomplete tests, the meaning of status codes, and the changing of the DataMaster DMT simulator solution.

**Who should attend: (Class limit 30)**

Officers involved with traffic enforcement and regular patrol duties

**Proficiency:**

Attendees must successfully pass both the written test with a 70% as well as pass a proficiency test.

**Prerequisites:**

Class I Certified Officers and Military Police.

<b>DMT Online Recertification</b> (2 CLEE Credit Hours)	July 1, 2018 – June 30, 2019	Online/Unlimited

This course is designed to refresh the currently certified operator's knowledge and training on the DataMaster DMT as well as the most current implied consent laws and impaired driving laws. Students are required to score 70% or better on the written test in order to pass this course. DMT certification is valid for 24 months from the date of certification. Officers are required to take the online certification within the 24-month window or their certification will expire. There are no exceptions to this policy, and if an operator's certification expires, they would be required to take the full DMT Operator Certification course.

**Who should attend:**

Currently certified DataMaster DMT Operators involved with traffic enforcement and regular patrol duties

**Prerequisites:**

Class I Certified Officers and Military Police with current DMT certification

**Course Description:**

The Speed Measuring Device Operator Training Program is designed to improve speed enforcement programs and enable agencies to better allocate their resources. This course is specifically designed to provide officers with the knowledge and skills necessary to properly operate radar and lidar speed measuring devices. Upon successful completion of the written test, the student will be required to practice on the Radar and Lidar Speed Measurement Devices for a period of at least two weeks. The student will then be required to submit to a Radar and Lidar road proficiency test, which must be completed and submitted by the last day of the sixth week after the written test. The radar portion of the proficiency should consist of all modes of operation in which the officer will conduct speed measurement. At a minimum, the student must be tested on a front antenna radar unit utilizing both stationary and moving (opposite direction) speed measurements. A Lidar proficiency is required as well. The student must be accurate within and average of +/- 3 MPH in all attempted modes of SMD Operation. Upon successful completion of all course requirements, the student will be certified to operate Police Traffic Speed Measuring Devices.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT'S DEPARTMENT IS RESPONSIBLE FOR LODGING AND MEALS.

**Who should attend:**

Officers involved with traffic enforcement and regular patrol duties.

**Prerequisites:**

Certified, full time Class 1 Law Enforcement Officers, active reserve law enforcement officers, or active duty military police officers (base security).

<b>SMD Operator Recertification</b> (5.00 CLEE Credit Hours)	July 1, 2018 – December 31, 2018	Online/Unlimited

**Online courses will open after July 1, 2018.**

**Course Description:**

The SMD Operator Recertification Course is intended for officers who are currently SMD Operator certified and whose operator certification expires December 31, 2018. The course content is designed to refresh the operator's knowledge and skills learned during the operator course. Upon successful completion of the instructional portion and written test, the student will be required to complete and submit a Radar and Lidar road proficiency test within two weeks of their written test date. The Radar portion of the proficiency test requires that the operator be able to explain set up and use of the Radar, as well as properly conduct tests to show proper operation. The operator must also, at a minimum, provide 10 stationary and 10 moving speed estimates, with confirmation on a Radar unit with a front antenna and with an average of +/- 3 MPH in each tested mode. The Lidar portion requires that the operator conduct the proper accuracy tests and site selection procedures. The operator must also provide 10 speed estimates, with confirmation on a Lidar unit and with an overall average of +/- 3 MPH. Successful completion and submission of the road proficiency test within the two-week deadline is required in order to

maintain SMD Operator certification. Failure to properly recertify will result in immediate revocation of your operator certification, and you will need to retake the new operator certification course.

**Who should attend:**

Officers in possession of an active and current SMD Operator certification whose Certification is expiring in 2019.

**Prerequisites:**

Certified, full time Class 1 Law Enforcement Officers, active reserve law enforcement officers, active duty military police officers (base security) who are currently SMD Operator certified.

**Course Description:**

The LIDAR Operator Training Program is designed to improve speed enforcement programs and enable agencies to better allocate their resources. This course is specifically designed to provide officers with the knowledge and skills necessary to properly operate Lidar speed measurement devices. Upon successful completion of the classroom course and written test, the student will be required to practice on Lidar Speed Measurement Devices for a period of at least two weeks. The student will then be required to submit to a Lidar road proficiency test which will be due by the end of the sixth week after the written test date. The Lidar proficiency will require the student to explain various issues affecting the use of the Lidar, as well as properly conduct tests to show proper operation. The Lidar test also requires 10 speed estimates and confirmation with an overall average of +/- 3 MPH. Upon successful completion of all course requirements, the student will be certified to operate a Police Traffic Lidar. NOTE: YOU MAY NOT OBTAIN OR HOLD A LIDAR OPERATOR CERTIFICATION WITHOUT HOLDING A CURRENT RADAR OPERATOR CERTIFICATION.

This course is designed for certified DUI/SFST Practitioners who understand the hazards caused by impaired driving and are motivated to arrest and prosecute impaired drivers. It is also intended to introduce the concept of the role of and utilization of the South Carolina Drug Recognition Experts. This course must be completed as a prerequisite for future consideration into the Drug Recognition Expert Program. Students should be experienced in DUI Enforcement and Prosecution, should have a firm handle on the SFST Proficiency, and must be currently DUI/SFST Practitioner certified.

**Who should attend:**

Class 1 Officers or Military Police involved with DUI/Traffic enforcement and regular patrol duties.

**Prerequisites:**

Active Class 1 Law Enforcement Officers or Military Police. Must also be currently certified as a DUI/SFST Practitioner. This course may also be attended by state/local solicitors by special permission of the DRE State Coordinator.

	February 25-26, 2019	CJA 12

**Course Description:**

This course is designed for law enforcement officers who are skilled in DUI enforcement /prosecution and who have the desire to be selected to begin the process of becoming a Drug Recognition Expert (DRE) for the State of South Carolina. This class is not subject to open-enrollment and admittance to the DRE Pre-School is by DRE State Coordinator approval only. This class will serve as a screening device to determine if a student is qualified to continue training in the DRE School. Upon successful completion of this course, the student will be able to define the term “drug” in the context of impaired driving, will be able to list the seven DECP drug categories and examples of each, will be able to identify the twelve components of the drug influence evaluation, will be able to administer and interpret the psychophysical tests used in the drug influence evaluation, and much more. Students will be required to pass a written examination and an SFST Proficiency; however, passage of these tests does not guarantee a seat in the DRE School. The DRE State Coordinator and DRE Course Manager will also evaluate students based on attitude, character, and aptitude, and the final decision for allowing a student to continue in any phase of the DRE Certification process is at the discretion of the DRE State Coordinator. Attendees must be proficient in conducting the SFSTs and should prepare to exercise good study habits.

Assuming passage of the DRE Pre-School and acceptance into the DRE School, the student must be prepared to return the next day to continue into the adjacent DRE School for the next phase of training.

Agencies and prospective students should read the course description for the Drug Recognition Expert School and be sure that they are willing to commit to the obligations and timeline of the adjacent DRE School and field certification phase prior to applying for the DRE Pre-School.

LODGING IS AVAILABLE AND STRONGLY RECOMMENDED FOR ALL ATTENDEES OF THIS CLASS

**Who should attend:**

Class I law enforcement officers involved primarily with DUI/traffic enforcement, and whose agencies/prosecuting bodies firmly support the utilization of the DRE Program.

**Prerequisites:**

Full-time, active Class I law enforcement officers or Active Military Police in good standing with their agencies and the surrounding community. Attendees must be currently certified as NHTSA DUI/SFST Practitioners or DUI/SFST Instructors. Attendees must attend and complete ARIDE prior to being considered for enrollment in this course. For consideration for enrollment, the prospective attendee must have completed a DRE School Application and be approved directly by the DRE State Coordinator. Attendees must have the blessing of their employing agency and must also be available to attend the DRE School immediately succeeding their selected Pre-School as well as the field certification training phase associated with that DRE School.

This course is available only to those who have successfully completed the adjacent DRE Pre-School and are selected by the DRE State Coordinator to continue into the DRE School. After successfully completing this course, the student will be ready to continue to the final phases of the DRE Certification Program. The student will be able to name the seven categories of drugs and recognize the effects of each, to describe and proficiently administer the 12-step drug influence evaluation, to document the results of the drug influence evaluation in narrative format, to properly interpret the results of the drug influence evaluation, to testify as an expert in drug influence-related cases, and to maintain an updated curriculum vitae. The student must attend all portions of the training and must pass a final examination with a score of 80% or better.

Students successfully completing this phase of training must also successfully complete the field certification phase of training as well as the Certification Knowledge Examination. The field certification phase of training requires that the student travel with the South Carolina DRE Program to Jacksonville, Florida and successfully complete 12 hands-on drug influence evaluations and associated narratives. While in Jacksonville, the student must also complete the Certification Knowledge Examination as well as submit an approved curriculum vitae and rolling log. Once all necessary steps are completed and the student is recommended for certification by two DRE Instructors and approved by the DRE State Coordinator, the student is considered certified as a Drug Recognition Expert.

The field certification trip dates to Jacksonville for the October 2018 course are **December 9-14, 2018**. The field certification trip dates to Jacksonville for the February 2019 class are **April 7-12, 2019**. The cost of the student's travel, lodging and per diem are covered by the DRE Grant.

<b>DRE Instructor School (Condensed)</b> (16.00 CLEE Credit Hours) Class Fee: \$20	September 27-28, 2018 February 21-22, 2019	CJA 4 CJA 4

**Course Description:**

The purpose of the condensed DRE Instructor School is to prepare Drug Recognition Experts (DREs) who have shown great aptitude as a DRE during their tenure and have successfully completed the NHTSA DUI/SFST Instructor course to administer and instruct DRE training effectively. DRE Instructors must apply for the Instructor School and are only accepted after thorough review and approval by the South Carolina DRE State Coordinator or his designee. Simply meeting the prerequisites and proper application does not guarantee the ability to attend this course. DRE Instructor Candidates must uphold the highest professional standards and ethics and must also possess the proper personality and character traits to perform in this role.

DRE Instructor Candidates and their respective agencies should be aware that DRE Instructor School is just step 1 of 3 to complete DRE Instructor Certification. DRE Instructor Candidates must also be available for the immediately succeeding DRE Pre-School and DRE School, as well as the Field Certification Phase of training associated with the school in which they instruct. This means that the September DRE Instructor School candidates must be available October 1-12, 2018 as well as December 9-14, 2018. The February DRE Instructor School candidates must be available February 25-March 8, 2019 as well as April 7-12, 2019. The only cost to the student’s agency is for the two-day Instructor School. The Instructor Candidate will be provided room and board for the DRE Pre-School and DRE School for which they instruct. Travel, per diem, and lodging will be covered by the DRE Grant for the Field Certification Phase of training.

LODGING IS AVAILABLE AND STRONGLY RECOMMENDED FOR THIS CLASS.

**Who should apply:**

Active Class 1 certified officers who are heavily involved in the South Carolina DRE Program and are involved with traffic enforcement and/or regular patrol duties.

**Prerequisites:**

Certified full-time Class 1 law enforcement officers who are currently certified and in good standing as DREs and DUI/SFST Instructors.
